The unit has all the equipment commonly used to carry out the structural determination of the chemical compounds developed within our research unit:

- NMR Advance 200 MHz (Bruker®)
- NMR Advance 500 MHz (Bruker®)
- Infrared Spectrophotometer
- Two HPLC devices
- UV visible spectrophotometer

Responsables RMN
Dr Magali VIVIER
Dr Valérie WEBER

Responsables Analyses de Masse
Dr Marie-Jospehe Galmier
Dr Mercedes.quintana@uca.fr
